Story

In the mystical land of Tiki Island the evil Witch Doctor “Ku“ the god of war, has stolen five sacred stones from the mask of Kane the god of Light and Life. Ku has always been envious of his brother Kane’s ability to create life and has stolen the stones to create an army and rule the land of the Tiki’s. Without the sacred stones Kane is slowly losing his powers and cannot take on his evil brother Ku. Kane has no choice but to call on the help of an old friend, a Shaman named Lono, only to find out that Ku has also taken Lono prisoner to aid in the creation of his army. The only option Kane has left is the apprentice of Lono, a bumbling, young Tiki named Riki. Riki is reluctant to take on the challenge of saving the world but realizes he has no choice, because the stones that Ku has stolen power the masks of all the Tiki elders, and without them being in the hands of Kane, Ku turned all the elders into statues. Riki has not yet earned the power of the elders and must set out on the journey to save Tiki Island and restore peace to the land.

Game Overview

Design Philosophy

When growing up I could remember playing adventure games on the NES. Riki Tiki is an adventure like no other with a unique story.

What is the game?

Riki Tiki is platformer adventure based on the premise of good versus evil. Take off on an adventure to save to world from the evil witch doctor Ku.

Why create this game?

Many people love adventure games this story has a different twist with magical lands and the back story of the tiki lore would be an interesting take on a video game.

Where does the game take place?

In the mystical land of Tiki Island

What do I control?

Take control of Riki Tiki a bumbling, young tiki to set out on an adventure to save the world

What is the main focus?

The main Plot is good versus evil

What's different?

The characters of Riki Tiki are like no others and the story is set in a whimsical magical land

Pillars

1. User Interface – Riki Tiki will feature a user-friendly UI that will be simple for younger and older viewers to read and understand. The UI will always be viewable on screen and will not interfere with the player's view in-game.
2. Wii Remote – Riki Tiki is a Wii-exclusive game and requires the use of a Wii Remote and Nunchuck. Players will be able to hack, slash, and cast spells through use of the Wii motion sensors.
3. Changeable Weapons and Magic – Riki Tiki offers the choice of multiple combinations of weapons and magic. Players will be able to decide what combinations work best in certain situations in order to make their way through the game.
4. Graphics – Riki Tiki is a 3D linear platformer that will use vibrant colors to bring out objects and characters in the world. The game will have great 3D visuals and make use of cel-shading animation to give it a fun, cartoony look.
5. Game Balance – Riki Tiki game-play is targeted at younger audiences, and will be simple for the younger players to understand. It will have the option to play on two modes, normal or expert for those who want the challenge.

Game play

Take off on an adventure to save the world as you know it. You must take control of Riki Tiki and use your skill and magic to recover the five stolen stones. Ku the Tiki god of war has taken the magical stones of life from Kane, it is now up to you get them back. Use the WII mote to hack and slash your way through jungles, shot your enemies with a sling shot and cast your magic upon your foes. Take advantage of magical powers such as shrinking your opponents heads, It may not help you much but at least it looks really funny, and if they just happen to get the best of you the evil Tiki minions are just gonna laugh at you.

Believe me it's gonna be a challenge to defeat the army of Ku, but I think you're up to it. Battle your way through the Burial Grounds of the Gods and Tiki Island, but be cautious you only get three chances to make it through or your going to have to start at an earlier point in the game, you really don't want to see evil Tiki's dancing around your head anyways!! Make your way to Ku and you get the chance to fight the meanest Tiki you've ever met, I hope you learned all your spells and collected the stones from the level Bosses, you're gonna need all the help you can get!!
